PROGRAMME CARDIOVASCULAR TRAINING COURSES, October 7th – 11th 2019
“Cardiac Function & Adaptation”

Monday, October 7th:
10.00-11.00 Arrival at Papendal; registration lodgings; distribution of readers, programmes etc. R. Abma
11.00-11.15 Plenary opening (room 8/9) D. Thijssen
11.15-11.25 General introduction to the course tbd
11.25-12.10 Development of the heart B. Boukens
12.15-13.00 Cardiac arrhythm R. Abma
13.00-14.00 Lunch
14.00-14.30 Myocardial perfusion D. Duncker
14.35-15.05 Pathophysiology of Thrombosis J. Cosemans
15.10-15.25 Coffee or tea break
15.25-15.55 Cardiac hypertrophy and remodelling H. Sillie
16.00-16.30 Regulation of pump function J. Lumens
16.35-17.05 Integrative physiology J.H. Ravesloot
17.15 Patient participation in research (room 8/9)
17.30 Evaluation PhD students (website)
19.00-20.30 Dinner and get acquainted

Tuesday, October 8th:
08.30-09.45 Moderated Poster sessions (Sydney room) PhD students
09.45-10.15 Coffee or tea break and preparation Poster session I
10.15-10.20 Highlights of Monday
10.20-11.05 Cardiac wound healing W.H. Blankesteijn
11.05-11.50 Therapeutics to stimulate cardiac repair J. Sluijter
12.00-13.30 Poster session I and Lunch buffet (Sydney room – odd numbers) M. Coppens
13.30-14.00 Anti-thrombotic therapy M. Coppens
14.00-14.30 Anti-thrombotic therapy M. Coppens
14.30-14.45 Coffee or tea break
14.45-17.15 Assignment (arrhythmia) S. Verheule
17.15 Evaluation PhD students (website)
17.45-19.15 Walking dinner and posters (Sydney room)
20.15-22.45 Sports activities (assembling at the reception at 20.00 h) PhD students

Wednesday, October 9th:
08.30-08.35 Highlights of Tuesday
08.35-09.20 Metabolic aspects of heart failure M. Nabben
09.25-10.10 Right ventricular remodelling and pulmonal hypertension F.S. de Man
10.10-10.25 Coffee or tea break
10.20-11.05 Congenital heart disease tbd
11.10-11.55 Assignment "the heart in sports" D. Thijssen
12.00-13.30 Poster session II and lunch buffet (Sydney room – even numbers)
13.30-15.05 Assignment "the heart in sports"
15.05-15.20 Coffee or tea break
15.20-16.05 Presentation of assignments
16.10-16.55 Simulation S. Verheule
16.55 Evaluation PhD students (website)
18.00-19.30 Walking dinner and posters (Sydney room)
20.00-21.00 Keynote lecture: (room 8/9) K. Maase

Thursday, October 10th:
08.30-08.35 Highlights of Wednesday
08.35-09.20 Cardiac Imaging R. Nijveldt
09.25-10.10 Models of cardiovascular disease I M.J. Goumans/S. de Jager
10.10-10.25 Coffee/tea break
10.25-11.10 Models of cardiovascular disease I M.J. Goumans/S. de Jager
11.15-12.00 Assignment "Broader perspectives" Y.M. Smulders
12.00-14.15 BREAK (packed lunch in foyer 3)
14.15-15.00 Guideline development: evidence, arguments and emotions Y.M. Smulders
15.00-16.05 Assignment “Broader perspectives”
16.05-16.20 Coffee or tea break
16.20-16.55 Presentation assignments
17.00-17.45 Heart failure: the patient’s perspective tbd
17.45- Evaluation PhD students (website)
17.45-18.00 Snack
18.00-19.30 TEDMED preparation PhD students
20.00-22.00 Dinner

Friday, October 11th: TEDMED and course evaluation
09.00-09.55 TEDMED talks
09.55-10.10 Coffee or tea break
10.10-11.00 TEDMED talks
11.00-12.00 Feedback on your poster Selected PhD students
12.00-13.00 Lunch
13.00-13.45 Oral presentations selected posters Selected PhD students
13.45 Awards
14.00 Departure
